

## **Safety and Security Issues and Your Child**

One of our Core Values states 'Faithwalk is safe.' This reflects our commitment to create an atmosphere that is as safe as it can be for the emotional, physical and spiritual well being of our children. The following is an overview of some of the steps we have taken to ensure that your child remains safe while in the care of the Faithwalk ministry team.

### **Leader Training**

Because we hope your child's Faithwalk leader will have a great impact on the life of your child, we ensure that they are properly screened, trained and supported in their role.

### **Secure Supervision**

We utilize a sign in/out procedure in order to safely manage the arrival and departure of your child. In particular, this system is designed to ensure that only authorized adults may retrieve your child following the service.

For more information on this, see [Faithwalk FAQs](#)

### **Safety**

We work diligently to ensure your child(ren) play and learn in a safe environment. Rooms and toys are cleaned on a regular basis, and unsafe situations are identified and corrected. Leaders have a safety manual including information covering: evacuation procedures, sensitivity to children with severe allergies, proper diapering procedure, and so on.

### **Emergency Contact**

In the event there is an emergency and your child requires your immediate attention, we will use your family ID number to call for you on the main projection screen in the sanctuary.
