

Faithwalk Vision Statement and Core Values

Vision Statement:

“To lead children to know and love Jesus.”

Core Values:

Faithwalk is child targeted:

We do things that are relevant and important for children and their spiritual growth.

Faithwalk is safe:

We want to protect children from harm or neglect in all areas including physical, spiritual and emotional safety.

Faithwalk teaches with relevance:

We believe that scripture is designed not only to be learned, but also to be applied in our daily lives.

Faithwalk is creatively Biblical:

The Bible is God's Word and a treasure to explore and discover – and we do this by relating it creatively to our modern world.

Faithwalk invites family participation:

Effective learning engages children at home, and invites parents and the broader church family to connect meaningfully with the children.

Faithwalk is fun:

We believe it ought to be the most exciting and engaging hour of every child's life.

Our goal is to see every child nurtured and led into a personal relationship with the living Christ.
